Farkas Farms Fire Powering Lighthouse Sciences

Ohio knows the quality of Farkas Farms Premium Cannabis flower. The first collaboration between Farkas Farms and Lighthouse Sciences brings Ohio's Cannabis Program the finest assortment of premium extracted flower products.

The Plants Meet Science

From cannabinoid content to terpene and flavonoid profiles, the plants used in these products are cultivated with the utmost attention to quality. The science used to create premium products from these plants are unique in their approach and refined to maintain the plants flavor and effect traits.
